CELEBRATING 15 years

THE PLAINSMAN has always been part of the Mitchell's Plain community and I don't think there is a school, event, institution, organisation, community leader, achiever or athlete who has not been featured in the Plainsman since its inception almost 45 years ago.

We have been involved with the festival since long before the Plainsman officially became its print media partner in 2011 because it has always been important to us that we support community events such as this festival.

This is not only our way of proving our dedication to the community that helped make the Plainsman what it is today, but also about acknowledging the good and the positive, which have come from this community – celebrating the multitude of talent and rich culture in the Mitchell's Plain community are key and shared objectives of our partnership.

Documenting the area's history is at the centre of what we do and for us that means chronicling all facets of the community.

We believe this festival does more than just bring people together to have fun and create memories; it shows us what is possible to achieve and it shows what is "plain" for all to

see – that we have the ability to deliver quality, signature events, and most importantly, that we have our own lodestars we can emulate and in whose footsteps we can follow.

The Plainsman is proud to be a partner of the 2023 DStv KykNET Mitchell's Plain Festival and we applaud everyone involved in making this an event we all look forward to every year.

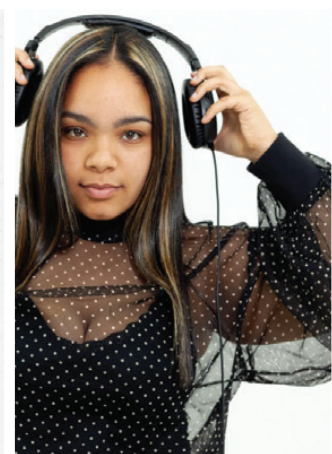

Your passion and dedication have greatly contributed to the success of the Mitchell's Plain community.

*Congratulations
on your
15th anniversary!*

Simonéh de Bruin
